# **1** Nursery Schools & Certified Childcare Centers

	A child welfare institution that helps parents and guardians who require
Nursery	childcare due to various reasons, such as work, illness, or caring for a family
School	member, by providing childcare that combines nurturing and education to
	help children cultivate life skills from infancy.
	A child welfare institution that combines kindergartens and nursery schools
Certified	to provide education and childcare services. The kindergarten portion (Type
Childcare	1) can be used regardless of whether or not the parent/guardian has other
Center	commitments, such as work. (However, it depends on the availability at the
	facility. Please see the "About Certified Childcare Centers" section below.)

8 Both types of facilities have staff with specialized knowledge who will work with your family to ensure your child receives childcare and education that suits their situation.

# O About Certified Childcare Centers

#### How are they different from nursery schools and kindergartens?

While your childcare need must be approved in order to use a nursery school or the nursery school portion of a certified childcare center (Type 2) (e.g. based on whether you are a working parent, etc.), the kindergarten portion of a certified childcare center (Type 1) can be used without childcare need approval.

For this reason, if there are any changes to your situation (e.g. job resignation, etc.) that would cause you to no longer meet the childcare requirements while using the nursery school of a certified childcare center (Type 2), you may be able to switch your child to the kindergarten (Type 1) and continue using the same facility.

\* However, there are cases where continuation may not be possible, for example, if the kindergarten portion is already at capacity.

#### Is the curriculum different than that of a nursery school or kindergarten?

The education and childcare provided at certified childcare centers use the same basic curriculum as nursery schools and kindergartens, as they are based on the integration of kindergarten education guidelines and nursery school childcare guidelines.

#### Can they be used even if the parent/guardian is unemployed?

The kindergarten portion of a certified childcare center (Type 1) can be used without childcare need approval (e.g. based on employment status, etc.) and is available to children ages 3 and older regardless of their parents' employment situation.

\* However, there are cases where continued use is not possible, for example, if the kindergarten portion is already at capacity.

# O About Certified Childcare Centers (cont.)

#### What are the childcare fees and other required expenses?

Certified childcare centers use the same methods to calculate childcare and non-staple food fees as nursery schools (see pg. 26).

Expenses required other than childcare and supplementary food fees may include temporary childcare fees (kindergarten portion), extended childcare fees, or out-of-pocket expenses (e.g. for school supplies, participating in events, etc.). Please contact your preferred facility for more details.

# Can my child switch from the kindergarten portion (Type 1) to the nursery school portion (Type 2) at the same facility?

You may be able to switch from the kindergarten portion to the nursery school portion of the same facility upon receiving childcare need approval based on your situation, for example, if you are a working parent. (%)

Due to the fact that you must be granted acceptance by the city (via the enrollment lottery) in order to use the nursery school portion, it is not guaranteed that you will be able to switch.

# Please note that <u>you must meet all of the following requirements in order to switch</u> <u>from Type 1 to Type 2 within the same municipal certified childcare center</u>:

- Your reason for requiring childcare **must not be "Job Searching"**
- The hours of your work or other commitments must not fall within the kindergarten portion's education hours (8:30-13:30)

There must be an <u>"objective change in the parents' situation"</u> (e.g. job status, etc.)

Please note that, although one can apply for the use of the nursery school portion (Type 2), the child applying for use of the kindergarten portion (Type 1) <u>cannot switch</u> from Type 1 to Type 2 unless there is a clear change to the parents' situation, such as a <u>change of employment status</u>.

Can I apply for the kindergarten portion (Type 1) and the nursery school portion (Type 2) of a certified childcare center at the same time (concurrently)?

You cannot apply for the kindergarten portion (Type 1) of a municipal certified childcare center at the same time as the nursery school portion (Type 2) of the same facility or another certified childcare facility (Type 2).

- %1 The above policy is in place to ensure greater accessibility to parents who truly wish to use the municipal certified childcare center during the kindergarten portion's education hours (8:30-13:30). Please apply to the nursery school portion (Type 2) if your working hours exceed the kindergarten portion's education hours (8:30-13:30).
- ※2 For information on applying to the kindergarten portion (Type 1) of private certified childcare centers, please contact the relevant facilities directly.

# 2 Introduction

#### O Eligible Applicants

Tokushima city's certified childcare facilities are available to <u>children under school age who</u> <u>have a residence record in Tokushima City</u>, and whose parents are deemed unable to provide childcare due to <u>one of the following "Reasons Childcare is Necessary"</u>:

- Regular employment (64+ hours of work per month)
  - If you are working at a different establishment from the one you are currently taking childcare leave from, you do not meet the childcare need requirements and will not be eligible to apply.
- Currently pregnant or have just given birth
- Currently ill, injured, or have a psychiatric or physical disability
- Providing full-time care to a relative who lives with you or is being hospitalized long-term
- Dealing with earthquake, flood, fire, or other disaster restoration
- Ongoing job search (including preparing to start a business)
- Current or planned enrollment at an educational institution (including occupational training)
- There is a danger of abuse or domestic violence
- You require ongoing use of a childcare facility during childcare leave (less than 1 year only) for another child (the sibling of your newborn) who is already attending a facility (see pg. 6)
- When you are deemed to be in a situation similar to the above reasons

#### <CAUTION>

- The following are not valid reasons to use a childcare facility: you are busy taking care of your younger child, or you want your child to get used to group childcare, gain social skills, or make friends
- Children with disabilities or illnesses must not only meet the above childcare need requirements, but must also be able to manage in a group setting and attend the facility daily.
  - ※ Please see pg. 16-18 for information on the acceptance of children with medical needs.
  - X You must report to our staff <u>whether your child is thought to have mental or physical</u> <u>impairments or illnesses</u> at the time of applying, as we must take into account the acceptance frameworks of childcare facilities.

#### O Eligible Ages

- Age requirements vary depending on the facility, so please be sure to check whether your child meets the age requirements of your preferred facilities (<u>the age they will be as of the first day of the month you wish to begin enrollment</u>).
- You cannot apply for a child that has not yet been born (nor can you reserve applications).

## O Childcare Hours

Childcare hours differ depending on the facility. Please be sure to check the hours of each facility before applying (see pg. 36-41 or the Tokushima City website).

## O Facility Tours

Some facilities may refrain from giving tours as a measure to prevent the spread of any kind of infectious disease.

If you would like a facility tour, please inquire with the facility directly.

# O How to Choose Your Preferred Facilities

The enrollment lottery will be conducted based on the order they are written on your application, starting from your top preferred facility. Take note of the following points.

- Please write your preferred facilities in order of which you would most like to enroll in. (This does not mean that 「you cannot apply or request a facility which does not have any availability in your desired usage month」).
- Before applying, please make sure each facility <u>aligns with your needs, such as</u> <u>transportation methods, childcare details, etc.</u>

# [ Important (Notes Regarding Preferred Facilities) ]

# If there are several potential facilities available to you (%1) and you indicate 3 or more

#### (%2) as your preferences, your score will be much higher during the enrollment lottery.

Withdrawing enrollment after being granted approval will result in a lower score on any future applications (see pg. 21), so please choose your preferred facilities with careful consideration.

<b>※</b> 1	Available Facilities	Facilities whose <u>opening hours meet the</u> <u>parents' preferences</u> and take <u>less than 20-30</u> <u>minutes to get to from home</u> using regular transportation methods
<b>※</b> 2	If there are 3 or more available facilities	Your score will be higher if you indicate at least 3 of the available facilities.
	If there are only 2 (or 1) available facilities (facility)	Your score will be higher if you indicate both of the available facilities (or the one available facility) (even though your total number of preferences will be less than 3)

# **3** Childcare Need Approval (Approval of Education & Childcare Benefits)

You must apply for "Approval of Education & Childcare Benefits" in order to use a certified childcare facility. Please confirm your approval category using the following flowchart:

- If you are applying for free early childhood education or childcare, please check the "Application Guide for Use of a Childcare Facility (Type 2 & 3)" (Japanese only).
- If you are applying for the kindergarten portion of a certified childcare center (Type 1), please see the "Kindergarten Portion (Type 1) Application Guide" (Japanese only).

You cannot apply for the kindergarten portion (Type 1) of a municipal certified childcare center at the same time as the nursery school portion (Type 2) of the same facility or another certified childcare facility.

#### <Notes About Receiving Approval>

- You can apply for education/childcare benefits and facility use at the same time using one form.
- Separate approval is required in order to receive free extended childcare services at a municipal kindergarten or private certified childcare center (kindergarten portion) (see pg. 30).
- Even if you receive approval for education & childcare benefits, it is not guaranteed that you will be able to use a facility (in cases where they are unavailable due to having no vacancies, etc.).

# 4 Childcare Approval Requirements & Period of Validity

Parents must meet one of the following approval requirements (reasons childcare is necessary) in order to receive childcare approval. (Tokushima City will determine whether or not you meet the requirements based on the documents you submit.)

Approval Requirements	Approval Period			
(Reasons Childcare is Necessary)	Туре 2	Туре 3		
Employment (64+ hrs/month) %1 · 2	Until the child enters elementary school	Until the child turns 3 y/o		
Illness/Disability of Guardian		(No procedures required to switch from Type 3 to Type 2)		
Caring for a Family Member				
Disaster Restoration	※ If you have a non-renewable fixed-term job contract or an			
Abuse/Domestic Violence	estimated timeline for medical treatment, you will only be approved for that period of time.			
Pregnancy/Childbirth %3	2 mos. before the (expected) month of delivery to 2 mos. after			
Job Searching	3 months from the approved start date			
Education/Training (including occupational training)	Until the end of the month the	he parent graduates/finishes		
Continuous Enrollment During Childcare Leave %4	The duration of your childcare leave period (up to the end of the month of the child's 1 <sup>st</sup> birthday)			
Other (cases where the need for childcare is high)	Determined on a case-by-case basis			

# <u>\*1</u> "Employment" includes start of employment by job offers and returning to work after childcare leave ends.

If the day before your first day of employment or the last day of your childcare leave falls on:

- The 14<sup>th</sup> day of the month or earlier → your approval period starts from the 1<sup>st</sup> day of the previous month
- The 15<sup>th</sup> day of the month or later  $\rightarrow$  your approval period starts from the 1<sup>st</sup> day of that month
- X2 Your approval period will last 1 month (until the end of the month you begin use) <u>if you were</u> <u>approved under the condition of a job offer or plans to shorten your childcare leave.</u> In this case, <u>you must resubmit your Certificate of Employment</u> (showing that you have started working/your reappointment date after shortening your leave) <u>in order to extend your approval period.</u>
- <u>X3</u> If the date you would like to enroll your child falls into the month you give birth or the period 2 months before or after that month, you will be approved under the pregnancy/childbirth requirement, regardless of the start date of your prenatal leave.
  - 「Individuals who meet certification requirements that exceed the pregnancy and childbirth criteria, such as employment」, can change the criteria index used during the application process (admission selection) by submitting documents to prove those requirements
  - Prior to the 2023 fiscal year, if services were started based on pregnancy and childbirth requirements, the end of the certification period would result in withdrawal from the facility. However, starting from April 2024, this procedure has been abolished. (If usage continuation is desired, you can continue using the service without the need for reapplication or facility reassessment [admission selection].)
- <u>X4</u> If you have a child that is already attending a facility, and you will be taking childcare leave, your child may be allowed to continue using the facility under one of the following conditions:
  - If the child is in a 5-year-old class the month the pregnancy/childbirth period ends
  - If your childcare leave period ends before your newborn's 1<sup>st</sup> birthday

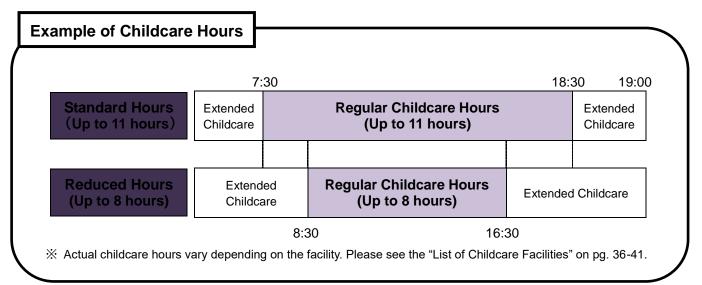

# 5 Childcare Hours

Your childcare hours will be determined as follows, depending on the childcare approval requirements that apply to you.

Required Amount of Childcare	Childcare Hours	Approval Requirements
Standard Childcare Hours	Up to 11 hours	Employment (parent spends 30+ hours per week working, providing care, attending school, etc.), pregnancy/childbirth, illness/disability, disaster restoration, domestic violence, etc.
Reduced Childcare Hours	Up to 8 hours	Employment (parent spends less than 30 hours per week working, providing care, attending school, etc. (※)), job searching, continuous enrollment during childcare leave

\* The usage hours listed above represent the maximum available time. However, depending on factors such as the operating hours of the childcare facility and its staffing arrangements, it may not be possible to use the allotted time fully.

- Even if you work under 30 hours per week, you may still be approved for standard hours depending on the timeframe of your working hours and other factors.
- \* Even in the case of standard-hours approval, usage for shorter periods is possible. (However, those with reduced-hours approval cannot request for standard hours.)

# O Picking Up & Dropping Off Your Child

You may only use a childcare facility during the hours that childcare is required, regardless of your childcare approval. Please take note of the points below when picking/dropping off your child.

- Leave aside enough time to pick up and drop off your child
- Pick them up as soon as possible once you finish work or on days that you do not have work. (Separate fees for extended childcare will apply if you pick up your child after hours).

# O At-Home Childcare on Saturdays

If you are hoping to apply for use of a childcare facility on Saturdays, but you do not have work or other obligations on Saturdays and are able to provide childcare at home, we ask that you stay home with your child in order to deepen your relationship with them.

# 6 Gradual Entry Childcare

Children using a childcare facility for the first time may feel uneasy or anxious about being away from their parents and entering a new environment where they must spend time in a group setting at an unfamiliar location.

For this reason, childcare facilities offer newcomers "gradual entry childcare" in order to help the children adjust to this new environment without difficulty.

At first, childcare will be provided for 1-2 hours at a time, then it will gradually be increased depending the child's age and circumstances (this process lasts about 2 weeks).

We ask that you pick up your child early during this period, as gradual entry childcare is a very important process to allow your child to get used to spending time at the facility.

- %1 Gradual entry childcare starts from the first day of enrollment, <u>and cannot be carried out any earlier</u>.
   (Please consult the relevant childcare facility if short periods of childcare will be difficult due to work or other obligations.)
- 2 Childcare fees are not reduced with gradual entry childcare.

- \*1 <u>1<sup>st</sup> period applicants will be in the lottery (selection)</u> for April enrollment. After the 1<sup>st</sup> period selection process, 2<sup>nd</sup> period applicants will be assigned to facilities that have openings. (If you are waitlisted as a 1<sup>st</sup> period applicant, you will be treated as a 2<sup>nd</sup> period applicant. (If you are waitlisted again in the 2<sup>nd</sup> period selection process, your approval period will continue (until the start of the March 2026 enrollment period at most) and you will be re-entered into the enrollment lottery.
- \*2 If the 15<sup>th</sup> day falls on a weekend or holiday, the deadline will be the previous business day (see the front page). Mid-term applications can be submitted on any business day after Monday, February 17, 2025 (if you applied earlier, however, you may be asked to report the applicant child's health condition again closer to the month you wish to begin using the facility).
- We do not accept applications by mail or e-mail. Electronic application for service registration is possible, but please note that the application is not complete with electronic submission alone. (Since a 「child interview」 and other steps are required to complete the application, after submitting electronically, you must visit the Children's Childcare Division in person. For more details, please contact the Children's Childcare Division.)

#### About the Handling of Certificates Without Official Seals

In order to make administrative procedures a more convenient process for citizens, official seals are no longer required on the above application-related documents as of July 2021. For this reason, you will not need to have your company stamp your 'Certificate of Employment' or other documents. However, in order to ensure the information on your documents are accurate, the Childcare Division may contact the relevant organizations to have the information verified if they have any questions regarding what you have written.

#### < Supporting Documents for Certificates Without an Official Seal>

available from the Childcare Division and childcare facilities.

If you will be receiving any of the following documents along with your unstamped certificate from your company, medical institution, or other organization, please submit them along with your certificate (if you do not have supporting documents, you may submit your certificate on its own).

A document showing that you were issued the certificate by the organization in question (e.g. a screenshot of an e-mail, a copy of the fax, the envelope that was mailed/handed to you, etc.)

#### WARNING (Falsifying Documents)

Creating or modifying a physical or electronic copy of a Certificate of Employment using the name of a business without authorization, regardless of whether or not it has the company's official seal affixed, can be considered any of the following crimes: Counterfeiting of Official Documents with Seals, Alteration of Official Documents with Seals, or Unauthorized Creation of Electronic or Magnetic Records.

If it is established that your documents have been created or modified without authorization, permission to use the childcare facility will be revoked, and your child will be removed from the facility if they have already been enrolled.

# 11 Required Documents for Determining Childcare & Non-Staple Food Fees

Please submit the required documents with your application if any of the following applies to

your household status.

- %1 You may submit the original documents along with one photocopy per additional applicant child.

# OTax Reviews for individuals who are not registered residents of Tokushima

#### <u>City</u>

Regarding the confirmation of the municipal income tax amount (for childcare fees, etc.) necessary for the determination of childcare fees for households that do not have resident registration in Tokushima City on the reference date, tax information will be verified through data linkage via the My Number

Card System for the following households. If it cannot be verified, you may be asked to submit your

income tax certificates.

Households requesting enrollment between April-August 2025, with parents who did not have residence records in Tokushima City on January 1, 2024

■ Households requesting enrollment between September 2025 – March 2026, with parents who did not have residence records in Tokushima City on January 1, 2025

# 12 Interviews

As part of your application, an interview will be conducting with the applicant child in order to confirm the child's development, health conditions, allergies, etc.

#### % Please note that you cannot enter the April enrollment lottery if you have not been interviewed.

X My Number verification and photo ID will be required at the time of your interview. (If applying at the facility bring the Individual Number Usage Permission Form to your interview in addition to the above.)

# **13** Changing Preferred Facilities & Submitted Documents

## O Changing Your Preferred Facilities

You can request as many facilities as you would like on your application.

Please <u>request as many as possible</u> after considering the various factors (e.g. transportation time/methods, etc.).

If you would like to change or add any facilities after submitting your application, please contact the Childcare Division by the deadlines in the table below (Childcare Div.: 088-621-5193, 5292).

# **O Changing Your Submitted Documents**

The enrollment lottery for childcare facilities will be conducted based on the degree to which you require childcare on the standard date (the first day of the month you wish to enroll), along with documentation to prove your situation.

[E.g. April enrollment lottery will be based on documents proving the level of childcare need as of April 1st]

For this reason, you must notify the Childcare Division and <u>complete the required procedures if</u> <u>there are any changes to your childcare need (job resignation/transfer, etc.) or your address/</u> <u>household (moving, childbirth, etc.) after you apply or begin using the facility</u> (see pg. 23-25).

(There may be changes to your approval or facility use depending on what has changed.)

Deadline to Change Preferred Facilities & Submitted Documents (We strictly adhere to the following deadlines and cannot accept any later submissions)							
April Enrollment 1 <sup>st</sup> Period Friday, December 20, 2024							
April Enrollment 2 <sup>nd</sup> Period	Friday, February 14, 2025						
Mid-Term Applications After April	The 15 <sup>th</sup> day of the month before you wish to begin enrollment ※						

% If the 15<sup>th</sup> day falls on a weekend or holiday, the deadline will be the previous business day (see the front page).

#### O Examples of Changes to Be Reported (The following list is not exhaustive)

- You are due to give birth sometime between 2 months before to 2 months after the month you wish to begin enrollment (between February-June for April enrollment)
- You applied while you were employed, but have left your job since (job transfer, change in working hours etc.)
- You applied while job searching, but have since received a new job offer
- You got married (or divorced)
- You moved to a new address since applying (your address has changed)
- You applied while you were a student, but have since graduated and began working

# **14** Regional Use (Facilities Outside of the City)

Regional Use is a system that allows parents to request childcare facilities outside of the municipality that their child resides in by entering the child into the enrollment lottery of the municipality where the preferred facility is located.

This is only possible if the Regional Use system is available in both municipalities.

Furthermore, the system can only be used one fiscal year at a time (from the date of enrollment until the end of March), and you will need to re-enter the enrollment lottery every year.

#### O If you live outside of Tokushima City and would like to use a facility in the city

Please submit your application to the municipality where you live.

#### <Notes>

- ※1 Please contact your local government office for information on how to apply and make sure to apply at least 10 days <u>before</u> the deadlines indicated on the front page.
- X2 Please note that citizens of Tokushima City will be given priority in the enrollment lottery.
- 3 If you are applying for April enrollment <u>as someone who lives outside of the city, you will be</u> <u>entered into the enrollment lottery as a 2<sup>nd</sup> period applicant regardless of when you applied</u>.

#### O If you live in Tokushima City and would like to use a facility outside of the city

Please submit your application to the Tokushima City Childcare Division.

#### <Notes>

The application period and required documents differ depending on the municipality.

Before applying, you must confirm the following information with the relevant division in the municipality where your preferred facility is located:

- · Application period for the month you wish to enroll your child
- · Required documents (also verify which city's forms you should fill out)
- Names and contact information of the staff at the relevant division of the municipality where your preferred facility is located

### O If you live outside of the city, but are planning to move to Tokushima City

Please apply as if you are a citizen of Tokushima City.

In this case, it will be handled as a regular application, not as an inter-municipal (wide-area) use. However, please note that <u>you must have your residence record changed to Tokushima city</u> by the first day of the month you wish to begin using the facility. (For more information, please contact the Childcare Division.)

# **15** Acceptance of Children with Medical Needs

In 2022, childcare facilities in Tokushima City began accepting children with medical needs who require support in everyday life. Applications for fiscal year 2025 will be accepted as follows.

## O Eligible Children

Children ages 3-5 (as of April 1, 2025)

## O Type of Medical Care

Nurses delegated by home-visit nursing stations make round visits to assist with the following:

- □ Insulin injections
- □ Urinary catheterization
- □ Feeding tube (gastric, jejunal, nasal)
- □ Other (e.g. mucus aspiration, etc.)

#### <Notes>

- The available medical care includes the above medical practices which can be handled by the nurses during their twice-daily visits, and does not include medical treatment of diseases or the administration of medicine for colds or other temporary illnesses.
- There are cases where acceptance is not possible due to circumstances related to the child's illness or your preferred facilities.
- In Tokushima City, medical care at childcare facilities is entrusted to home-visit nursing stations, and is implemented by the delegated nurse under the instructions of a doctor with the collaboration of the parents, family doctor, and nursing station, along with the cooperation of the childcare facility that accepts the child.

# O Admission Requirements

You must meet all of the following requirements in order for your child to be accepted.

The Tokushima City Medical Care Management Council will determine whether you meet the following requirements upon discussing and reviewing the details of your application.

- You must be in need of childcare, and your child must be able to manage group childcare
- Your child's medical/health condition must be stable (about 2 nursing visits available per day)
- As a parent/guardian, you must have a daily routine established at home where you provide stable medical care for the child
- Details of medical conditions/care must be adequately shared between the parents/facility
- Your family doctor must provide guidance on medical care techniques via an interview
- You must be able to work closely with your family doctor by attending medical exams or meeting with the doctor as necessary

## O Available Hours

To be determined on an individual basis within the range of 9:00-16:00 on weekdays (Mon. to Fri.)

Category	Name of Facility	Address

## O Available Facilities

times In order to ensure the safety of your child, each facility may accept up to 2 children with medical needs.

## O Application Period

Mon., October 21, 2024 – Wed., November 6, 2024 Reservations required (<u>%2</u>)

X1 Applications are limited to the above period as children with medical needs are accepted on April 1st.

#### **<u>Reservations are required at the Childcare Div. when submitting a Medical Care Application.</u>**

## O How to Apply

You must make a reservation in advance (%1) and apply for medical care (%2) at the <u>Childcare Division</u> when submitting your regular application.

※1 This is because our professional staff will be interviewing the child that has medical needs at the time of applying. Please note that <u>you will not be able to apply for medical care if you</u> <u>have not made a reservation in advance</u>.

2 Japanese-only form available at the Childcare Div. or on the Tokushima City website.

### O Admission Process

To ensure the secure acceptance of your child, the contents of the medical care that is to be provided to the child will be mutually confirmed and shared between the parents, childcare facility, and Tokushima City, while proceeding with the necessary procedures until the service begins. Please see the Tokushima City website for more details (Japanese only).

### O Notes

If your child is determined by the Tokushima City Medical Care Management Council to meet all of the requirements on the previous page, <u>you will be entered into the enrollment lottery in</u> <u>the same way as all other applicants</u> (please understand in advance that there is no quota specific to children with medical needs).

# **16** Facility Enrollment Lottery

Tokushima City runs an enrollment lottery that allows children who are highly in need of childcare to be given priority when entering certified childcare facilities, based on the reasons that childcare is required (e.g. working parents, etc.), as well as the circumstances of the child, parents, and other factors as outlined in the standard criteria, priority criteria, and adjustment tables below.

## O How Assignment is Determined

- (1) Total Score = Standard Criteria (parent w/ lowest score) + Priority Criteria (+/- points per applicable item)
- (2) Applicants with higher total scores will be given priority to use facilities
   ※ If the scores vary between siblings, it will be determined based on the child with the highest

(3) Equal scores will be settled based on the "Adjustment Table for Equal Scores" (priority will be given to the applicant with the higher score)

3	"Graduating Child" (Priority Criteria)
4	"Childcare Worker" (Priority Criteria)
5	"Single Parent" (Priority Criteria)
6	"Prefer Same Facility as Siblings" (Priority Criteria)
7	"After Childcare Leave" (Priority Criteria) (If both parties with the same score meet this criteria, it will be decided based on the relation between the last day of childcare leave and the preferred month to start enrollment, as well as how difficult it would be for each party to extend childcare leave)
8	Children deemed to be highly in need of childcare after the status of the child, as well as that of the child's parents/guardians, siblings, household, relatives, etc., are taken into consideration.

#### 3 Adjustment Table for Equal Scores (cont.)

Rank	Type/Status
9	Total score of Standard Criteria (priority is given to those with the highest score)
10	Number of dependent children under 18 (priority is given to those with the most children)
11	Number of preferred facilities that were selected (priority is given to those with the most)
12	Parents/guardians who do not have any unpaid childcare expenses
13	The order of which an available facility was placed on one's list of preferred facilities (priority is given to those who placed it higher on their list)
14	Total income of the applicant child's household (priority is given to those with the lowest income)
15	Children deemed to be highly in need of childcare upon a comprehensive decision based on the household status, etc.

X Even if Tokushima City determines that enrollment is possible as a result of the enrollment lottery, there is a possibility that you may not be able to enroll if, for example, the childcare facility is not ready for new admissions.

# 17 Post-Acceptance Process

#### **O** Prospects of Acceptance

- Acceptance results for April enrollment <u>will be sent by mail</u>. (Please understand in advance that we cannot notify you via phone or e-mail.)
- Results for mid-term enrollment are delivered by phone around the 20<sup>th</sup> day of each month.
   (Please include a phone number that can be reached during the day on your application.)
- Those who were planning to move to Tokushima City when they applied must have residence records in Tokushima City by the first day of the month they wish to enroll their child. (Even if it has already been decided that your child may enter a facility, if we are repeatedly unable to reach the parents/guardians by phone, or if you do not have a residence record in Tokushima City by the first day of the month you wish to enroll your child, your acceptance may be revoked.)

## O Post-Acceptance Meetings

Each facility has meetings and health checkups which you must attend after being accepted.

Those enrolling in April will be notified of the date of these sessions by mail (<sup>\*</sup>), and those enrolling mid-term will be contacted by phone (please inform the facility ahead of time which days/times you are unavailable).

While 1<sup>st</sup> period applicants for April enrollment will be notified by mail, 2<sup>nd</sup> period applicants will receive a phone call from the facility.

# O Childcare Hours

- Childcare hours vary depending on the facility, so please be sure check them ahead of time (please see the "List of Childcare Facilities" on pg. 36-41).
- Please note that <u>the hours will be reduced during the gradual entry childcare period, even</u> <u>if you are approved for standard childcare hours</u> (please contact your facility for more information).
- Childcare facilities are generally closed on Sundays, public/substitute/national holidays, and from December 29 to January 3. If you require childcare on these days, you must apply for "Holiday Childcare" separately. Please contact the Childcare Division for more information.

# **O** Changes to Your Situation After Acceptance (IMPORTANT)

If there are any changes to the information on your application (e.g. address, household, <u>employment, etc.</u>) after you have been accepted to a childcare facility, <u>you must submit a</u> <u>"Notification of Changes to Application" to your facility as soon as possible</u>.

[Please be careful about moving out of the city after starting the use of services !] The eligibility requirements for using a licensed childcare facility in Tokushima City are

「Those who are registered residents of Tokushima City」. If you move out of the city, you will no longer be able to use the current facility (a new application will be required), so please be careful.

current facility on the last day of the month you move (last day of the previous month if

<u>moving on the 1<sup>st</sup></u>). (If you would like to continue using the facility, procedures must be completed in the municipality you are moving to. Continued use is not guaranteed.)

- If the date you would like to enroll your child falls into the month you give birth or the period 2 months before or after that month, you will be approved under the pregnancy/childbirth requirement, regardless of the start date of your prenatal leave. Prior to the 2023 fiscal year, if services were started based on pregnancy and childbirth requirements, the end of the certification period would result in withdrawal from the facility. However, starting from April 2024, this procedure has been abolished. (Please refer Pg. 6 for more details).
- <u>X3</u> If you have a child that is already attending a facility, and you will be taking childcare leave for the younger child, they may be allowed to continue using the facility under one of the following conditions:
  - If the child is in the age 5 class the month the pregnancy/childbirth period ends
  - If your childcare leave period ends before your newborn's 1<sup>st</sup> birthday

#### <u>X4 Other Notes:</u>

- Changes to childcare hours (standard/reduced) will come into effect the month after the <u>Notification of Changes is submitted.</u> Hours cannot be changed midmonth. (Please see pg. 7 for the childcare hours of each approval requirement)
- If you received a job offer or had plans to shorten childcare leave when you applied, you must resubmit your Certificate of Employment by the end of the month you begin using the facility (or the month you begin working).
- Please do not use erasable ballpoint pens or correction pens/tape on any of your documents. (Please re-submit in case you have use these)

## O Changing Facilities (Transfer Requests) in the middle of the fiscal year

- You must apply at the Childcare Division to change (transfer) facilities mid-term. Please complete the procedures at the Childcare Division by the deadlines listed on the front page.
- Transfer applicants will be considered along with regular applicants (= those who have not been admitted to a childcare facility) during the selection process. Since applicants who have not been admitted to a childcare facility generally have a higher priority in the selection, early transfer to the desired facility may be difficult. Please be aware of this in advance.

#### O Mid-Term Withdrawal From Facilities or Childcare

- To withdraw from a facility mid-year or during your approval period, you must submit a "Notification of Withdrawal" to the facility at least 10 days before the withdrawal date.
- If you no longer meet the approval requirements during your approval period, or your child does not attend the facility for a long period of time (roughly 1 month) due to travel, returning to your hometown to give birth, or other reasons, your approval may expire and childcare services may be cancelled.
- If you are withdrawing because you are moving out of the city, please change your residence record (to your new municipality) on or after the 2<sup>nd</sup> day of the month you will withdraw. (Please note that you will not be able to use the facility during the month you withdraw if you change your residence record on the 1<sup>st</sup> day of the month or earlier.)

## O Other

- Please submit a doctor's note detailing any food allergies your child has to the childcare facility before your start date, as the facility will work to provide meals that suit your child's needs as possible. (The allergy forms to be filled out by your doctor can be found at the Childcare Division.)
- Please contact the Childcare Division immediately if your child's health or other conditions have changed since your application (after submitting the Child Status Report) or interview.
  - Permission to use the facility may be revoked if it is determined that group childcare is not possible for your child after hearing from the parents or interviewing the child about the child's health condition. (The same applies if the child's condition changes after they have started using the facility.)
- If there is a typhoon or other natural disaster, and it is determined to be dangerous to provide childcare or to pick up or drop off your child, you may be asked to refrain from bringing your child to the facility or to pick them up early.
- If your child has been infected with COVID-19, seasonal influenza or any other infectious disease you may be asked to refrain from bringing your child to the facility. Further, if a certain number of infections occur within the facility, we may request that
  - attendance (or enrollment) be restricted either by class or for the entire facility

# 18 Childcare & Non-Staple Food Fees

## O Basis for Calculating Childcare Fees (for Ages 0-2)

Childcare fees (borne by those using facilities) are calculated based on the amount of incomebased municipal residence tax paid during the current or previous tax year by the parents or legal guardians (e.g. grandparents financially supporting the child) to whom the child is dependent on.

■ The amount of income-based municipal residence tax is calculated using on the amount before applying tax deductions such as home mortgage or other special tax deductions, dividend tax credits, charitable contribution deductions, foreign tax credits, and deductions based on dividend rate and capital gains derived from the transfer of stocks, etc. (excludes adjusted deductions). (Please see the "Tokushima City Standard Childcare Fees" table on pg. 28 for more details regarding childcare fees.)

- Childcare fees for April-August are calculated based on FY 2024 municipal residence taxes; fees for September-March are based on FY 2025 municipal residence taxes (See table below.)
  - Childcare is free for children ages 3+ (Early childhood education/childcare became free on Oct. 1, 2019.)
- Age refers to the child's age as of the 1<sup>st</sup> day of the fiscal year (e.g. Children belonging to the age 2 class who reach 3 years of age mid-year are not eligible for the free childcare for children ages 3+.)
- If your tax amount cannot be confirmed due to undeclared income or other reasons, your childcare fees will be determined based on "provisional childcare fees" (Class D9 on the "Tokushima City Standard Childcare Fees" table on pg. 28). (In this case, after the income declaration and other procedures are completed, the childcare fees will be recalculated)
- Childcare fees may differ depending on amount of childcare required (standard/reduced hours).

## O Other Personal Expenses

You may be responsible for other expenses in addition to childcare fees, such as extended childcare fees or other out-of-pocket expenses.

Please contact your facility for more details.

## O Non-Staple Food Fees (for Children with Type 2 Approval)

#### Basis for Calculating Non-Staple Food Fees

While there are no childcare fees for children ages 3-5 (age as of April 1), parents will be responsible for the cost of the ingredients used in school lunches (non-staple food fees). Non-staple food fees are calculated in the same way as childcare fees.

#### Reduction of Non-Staple Food Fees

#### Full exemption for households meeting one of the following conditions:

- 1) Class A-D2 households
- 2) Class D3 or D4 households that meet one of the following requirements:
  - Single parent households (excl. parents that live separately or are in the process of divorce)
  - Households with people that have disabilities (%Family member who has been issued a physical, intellectual, or psychiatric disability certificate, is the child for which special child rearing allowance is received, or is the recipient of disability basic Pension under National Pension.)
  - Households deemed by the mayor to be particularly impoverished, including those requiring public assistance under the Public Assistance Act

#### 3) Households that meet the following requirements:

 Class D3-D9 households may be exempt from non-staple food fees for the child who is 3<sup>rd</sup> or later in birth order if their 1<sup>st</sup> and 2<sup>nd</sup> born children are under school age and are using a certified childcare facility, kindergarten, etc. (※)

(%Certificate of Enrollment required if attending a non-municipal kindergarten, corporate childcare facility, the kindergarten portion of a special needs school, or a daycare at a psychological treatment facility for children, or is using child developmental support (including medical-based).

#### Partial exemption for households meeting one of the following condition

(%Partial exemption is for amounts up to ¥4,500. Any amount over ¥4,500 will be paid by the parents.)

- 1) Households with 3 or more dependent children who are under 18 years old
- 2) Class D3-D7 households with 2 or more dependent children under 18 years old

#### O Payment Methods for Childcare Fees

Childcare fees are typically paid via bank transfer.

Once you have been accepted, please prepare the "bank transfer request form" provided by your facility, along with your deposit passbook and registered seal (inkan), and complete the bank transfer procedures at one of the following financial institutions.

#### < Financial Institutions That Allow Bank Transfers >

Awa Bank, Shikoku Bank, Tokushima Taisho Bank, Tokushima Shinyo Bank, Iyo Bank, MUFG Bank, Mizuho Bank, 114 Bank, Kochi Bank, Ehime Bank, Kagawa Bank, Shikoku Labour Bank, JA Tokushima City, JA Tokushima Shinren, Japan Post Bank, or any post office.

There will be no bank transfer fees.

- Transfers will be made on the last day of each month. If the financial institution is closed, it will be made on the following business day.
- You do not need to complete bank transfer procedures if you will not be paying childcare fees.
- Childcare fees for private certified childcare centers and community-based childcare facilities are to be paid directly to the facility (please contact the facility for payment method details).
- Payment methods for extended childcare and other out-of-pocket expenses vary depending on the facility. Please contact your facility for details.

## O Payment Methods for Non-Staple Food Fees

As with childcare fees, non-staple food fees for municipal nursery schools and certified childcare centers are typically paid via bank transfer, and on the same day as childcare fees.

For payment methods at other types of facilities, please contact your facility directly.

# **19** Approval of Facility Use Benefits (Free Childcare)

<u>If you are waitlisted</u> at the facility you applied to, <u>and the following table applies to your situation</u>, you will be sent a "Notice of Approval of Facility Use Benefits" along with your notice of results.

With this notice, you will be able to receive free childcare benefits up to a fixed amount at non-certified childcare centers.

Age of Applicant Child	Households Eligible for Free Childcare
Between 3-5 years old as of April 1, 2025	All households
Between 0-2 years old as of April 1, 2025	Only households that are exempt from municipal residence tax

Those using certified or corporate childcare facilities are not eligible for free childcare.

Those who applied for April enrollment will be notified once the 2<sup>nd</sup> period results are out.

■ For more information regarding facility use benefits, please see the Tokushima City website or contact the Child Policy Division (TEL: 088-621-5240).

If you request 3 or more facilities, you will have a higher chance of being granted enrollment.

% If you voluntarily withdraw enrollment after it has been granted, your chances of being granted enrollment in the future will be decreased.

Please use a black ballpoint pen to fill out this form. (Do not use erasable ballpoint pens or correction pens/tape. In case you have used it, please re-submit the form.) Be sure to fill out a separate application form for each child.

You cannot apply for the kindergarten portion of a municipal certified childcare center (Type 1) at the same time as applying for the nursery school portion of the same facility or another licensed childcare facility (Type 2).

In the "① Household Status" section, please indicate all relatives between the ages of 20-64 who live with the applicant child (including relatives who are not part of your official family unit). Furthermore, please indicate all parents and siblings of the applicant child regardless of whether or not they live with the child.

If you submit this form during the first application period for April enrollment (October 21-November 6, 2024), please submit it to either your top preferred facility or the Childcare Division (reservation required).

(If you will submit the form during the second application period for April enrollment (November 7, 2024~), please submit it to the Childcare Division (no reservation required).)

About the Handling of Confidential Information

The information on this form and any attached documents will not be used for any purposes other than administrative work concerning nursery schools or other childcare facilities, including procedures related to the approval of education & childcare benefits, assignment/enrollment to nursery schools or other facilities, childcare fee estimates, and the delivery of related notices.

- 1 The majority of facilities accept children who are any age under the elementary school age.
- You must pay a fee to use extended childcare services. (Please contact the facility for more information.)
- 3 The number in parentheses for certified childcare centers is the capacity including the Type 1 (kindergarten) portion, and that for on-site childcare is the capacity including the employee quota.

#### <Private Certified Childcare Centers>

- Please confirm with the facility whether you will be required to pay any enrollment fees.
- Please apply directly at the facility if you wish to use the Type 1 portion of the center. Once you have been offered enrollment, please apply for Type 1 approval at the Childcare Division.

#### Community-Based Childcare

Community-based childcare is a childcare service provided for a small groups of children between 0-2 years of age, and includes small-scale, on-site, home-based, and home-visit childcare services. Both small-scale and on-site community-based childcare is available in Tokushima City.

- · Small-scale: Childcare services for 6-19 children in a relatively small-scale environment
- On-site: Mainly childcare services for employees to allow balance between work and child rearing (employee quota), as well as services for local children who require childcare (regional quota).
